Dear Tina,

As you probably already know, I have related parts of the information below to Briana and Ann Flanagan (Community Psychiatric Nurse) during conversations I have recently had with them.

1) I spoke -- via Facebook's Messenger Phone Service -- last Friday evening (Saturday morning in Melbourne) with my daughter Siobhan, and she seems happy for you to email her. I explained to her that it was simply for the purpose of you establishing contact between yourself and her, in the same way that you have already done with my brother Gerald some weeks ago.

2) For a number of reasons, I have not yet chosen a law firm in the Republic of Ireland from the list you have kindly provided me with last week; and, one of the reasons for this is that I believe it may be extremely difficult (i.e. close to impossible, at the present time at least) for me -- or for anybody else -- to find a law firm in the Republic of Ireland that genuinely supports Human Rights Law, and Constitutional Law (in meaningful ways): which is what I believe I absolutely must have, if I am ever to be able to return safely to the Republic of Ireland again. When it comes to dealing with legal problems connected with wrongdoing at the hands **"of individuals and public officials and bodies"** (the words of my former GP, Dr Michael McCavert, please see the attachment below), I have found the legal profession in the Republic to be extremely corrupt. Nevertheless, and despite this, I plan to pick a law firm in the Republic of Ireland within the coming few days, and I hope to be able to provide you with the name I decide to select on or before this coming Friday.

Evidence of wholesale wrongdoing in the Republic of Ireland justice system can be viewed in the Facebook video titled **"The Criminal Cabal- and why YOU should be worried"**, published on February 7th 2021 by Dr Stephen T. Manning, at the following www location:

[https://www.facebook.com/watch/live/?v=238487421163768&ref=watch\\_permalink](https://www.facebook.com/watch/live/?v=238487421163768&ref=watch_permalink)

Although I have never met Mr Manning, and have never spoken to him on the phone or anything of that sort, I have read many publications of his on social media over the past several years, and I believe him to be a be a very capable person of high integrity: who also seems to me be unusually passionate, and tenacious, about trying to "do something" (of real significance) about the corruption problems in the Republic of Ireland, and to do it exclusively by peaceful and lawful means, regarding the many dreadful forms of corruption in and around the Republic of Ireland's present and more recent Governments.

3) Regarding the Hayes Solicitor's Dublin High Court litigation matter, please know that a copy of the Facebook Post -- titled **"GREED is their God"** -- which lays at the heart of this issue, can be viewed at:

<https://www.facebook.com/SnakesOutNow/posts/2098794340209267>

The fact that Facebook have still not removed the post at the www location immediately above suggests (to me at least) that Facebook believe it is in the public interest to have it there, and that they also believe they have little to fear regarding the Hayes Solicitors litigation in question (which includes Facebook of course, as well as myself and two others).

As I believe -- correctly or otherwise -- that it is in my best interests to try to ensure that as many people as possible get to know about my Hayes Solicitors litigation situation, for the purpose of trying to prevent the ever present "cover up tactics" to some extent, and similarly with all of the many other other forms of Republic of Ireland legal profession skulduggery, I have posted a number of Facebook posts in recent days very similar similar to the one at:

<https://www.facebook.com/william.finnerty.3/posts/10223745139159137>

4) I have heard nothing at all from Babington Solicitors regarding the Radius Housing Association eviction threat, in response to my registered letter to Babingtons Solicitors dated January 20th 2021, a scanned copy of which can now be viewed at:

<http://www.humanrightsireland.com/BabingtonsSolicitors/20January2021/RegisteredLetter.htm>

In connection with my eviction threat, and the present COVID-19 situation, please know that the pieces of text in the section just below have all been copied today from the following Northern Ireland Government's www page address: <https://www.nidirect.gov.uk/articles/protection-against-eviction>

===

**"Protection against eviction"**

**"If you live in rented accommodation, the law protects you against harassment and illegal eviction. It is a criminal offence for a landlord to harass their tenant. A tenant could claim damages through court action."**

**"For anyone convicted of one the above offences, the punishment could be prison for up to two years, a fine, or both"**

===

The text in the section just above leaves me wondering if Babington Solicitors, and Radius Housing Association, just **might** be "skating on thin ice"? Should you consider it appropriate, I would have no objection to you enquiring on my behalf about this point with the Belfast Law Centre, and/or the Belfast based law firm MSM Law.

5) Following my discussion with CPN (Community Psychiatric Nurse) Ann Flanagan yesterday, I understand that the arrangements Briana recently made for me to attend my doctor's surgery (Dr David Cheyne GP) for various tests on February 12th at 9 am will be re-scheduled to sometime in March.

Best wishes to you all,

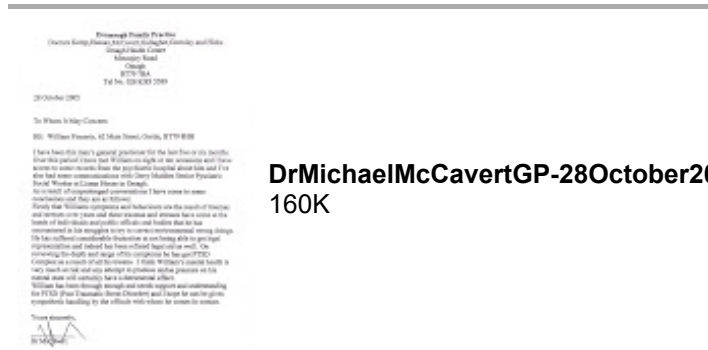

William Finnerty.
