Subject: This morning's meeting

Ruairi,

Many thanks for seeing myself and James this morning.

Please know that I found the meeting very helpful.

As discussed at this morning's meeting, please find immediately below the www address of my "Eight Page" letter to **Consultant Psychiatrist Dr Paul** dated November 3rd 2018, that contains a scanned copy of the letter in question which has "**live**" www links:
<http://www.humanrightsireland.com/ConsultantPsychiatristDrPaulBell/3November2018/RegisteredLetter.html>

Section 1 of the letter to Dr Bell at the www location just above contains information relating to my wish to be able to return to live in my home in the Republic of Ireland (located in the village of New Inn, County Galway).

Section 1 also contains reference of my legal right (as I understand it) to seek asylum in Northern Ireland, under the terms of **Article 18 ("The right to asylum")** of the **CHARTER OF FUNDAMENTAL RIGHTS OF THE EUROPEAN UNION**. Consequently, I do not understand why it should be necessary for me to have to sell my home in the Republic of Ireland in order to have my **Pension Credit** payments, and my **Housing Benefit** payments, restored.

I would like to take this opportunity to point out to you that the list at the www location just below contains information relating to -- among several other things connected with to my present "situation" -- letters I have sent through the registered post during recent months to **Ms Colette McCorry (Belfast Housing District Manager)**, and to **Ms Joanne Gordon (Member of the Northern Ireland State Pension Credits Disputes Team)**:

As I believe I also mentioned to you this morning, I would greatly appreciate it if you could provide me with an acknowledgement of receipt for this email, please.

Kind regards,

William (Finnerty).
