Excerpt from September 1st 2017 email to UK Prime Minister Theresa May MP at www location immediately above:

"Arrogantly violating our constitution with impunity (in any way they wish more or less), is an extremely dangerous habit (for humanity as a whole) which our Judiciary, and our Presidents (in the Republic of Ireland), appear to have picked up and embraced (in recent decades) from their counterparts in the United States of America."

SOME OF THE MANY CONSEQUENCES OF JUDICIAL AND POLICE CORRUPTION IN THE REPUBLIC OF IRELAND

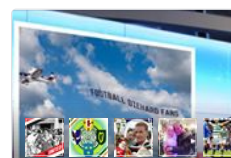

Correctly or otherwise, I have long believed that the main reason for the creation, and the ongoing sustenance of the extant warrant for my arrest in the Republic of Ireland, and the main reason I am finding it literally impossible (so far) to find legal representation, are in very large part a function of the kind of judicial corruption I have referred to in my email to Lawyer and Northern Ireland First Minister Arlene Foster LL.B., MLA dated June 16th 2017, an unedited copy of which can be viewed at the following www location:

<http://www.humanrightsireland.com/FirstMinister.../Gmail.pdf>

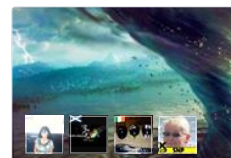

Please find some sample indications of the wide-ranging consequences of the Republic of Ireland's "judicial corruption problem" (as I see it) in question, in addition to evidence of my long-standing, and ongoing, personal efforts for trying to remedy it, in the following set of Google listings:
