"EMPIRE OF DEBT"  
"Countries worldwide are tired of funding the America's "military adventurism by being a party to the Empire of Debt, as it's known around the world - the US dollar," and therefore, will likely join the de-dollarization movement, (Mark Fisher said) ...  
"The imminent introduction of oil trading in yuan is a very bold move by the Chinese, because the US will not give up the basis of its hegemony - the dollar as the world's reserve currency - without a fight. It..." See more
