Gerard,

Thank you for your email dated August 20th. I have placed an unedited copy of it at the following www location:
<http://www.humanrightsireland.com/GerardForrester/20August2021/Gmail.pdf>

===

UPDATES:

1) I'm managing, albeit with considerable difficulty at times.

===

2) As you will already know perhaps, I sent a letter through the registered post to law-firm **Nelson-Singleton Solicitors** on August 2nd 2021 for the purpose of seeking professional legal advice and representations relating to some of the overall set of legal problems I am now faced with. A scanned copy of the August 2nd 2021 letter in question can be viewed at:
<http://www.humanrightsireland.com/Nelson-SingletonSolicitors-HumanRightsLawFirm-Belfast/2August2021/RegisteredLetter.htm>

To date, I have not received any reply of any kind from anybody at Nelson-Singleton Solicitors to the letter referred to at the www location immediately above..

===

3) Last Thursday (August 19th) I received a five-page letter from the Enforcement of Judgements Office in Belfast, and a scanned copy of it has been placed at:
<http://www.humanrightsireland.com/EnforcementOfJudgementsOffice/Letter.htm>

===

4) I wish to continue to avail of the floating support service I have been provided with through The Belfast Health and Social Care Trust since the end of July 2020.

===

While I believe that yourself and the other members of "Tina's Team" (as I think of it) may well be able to help me in various ways regarding some of the matters referred to above, I wish to leave it to yourselves regarding the matter of what you might decide (as individuals) to do what you feel and believe would be helpful: while having due regard for the contents of the two letters referred to under 2) and 3) above.

I feel the main thing just now, as I see the present situation, might be for all of those of you who may decide to act on my behalf, to make sure you are **fully aware** of the contents of the two letters referred to under 2) and 3) above. Allowing for the fact that I personally still do not have any direct access to professional legal advice of the kind which recognises and supports human rights law and constitutional law -- in meaningful and practical ways that is (as opposed to mere lip-service) -- I now feel particularly vulnerable regarding some of the contents on **Page 2** of the letter from **Enforcement of Judgements Office** referred to under 2) above: which, among other things, mentions the possibility of **imprisonment** under certain circumstances.

Please note that (as I understand it), Radius Housing Association have **"to make an application to enforce the judgement"** to the Enforcement of Judgements Office, as stated in the text in the middle of Page 1 of the August 16th 2021 letter from the Enforcement of Judgements Office referred to under 3) above; and, that they have to wait **10 days** before they can make the application: **i.e. on, or after, August 26th 2021** in my particular case (it seems to me). This is an area where I think the personal contacts that you and other members of "Tina's Team" have already made on my behalf with people at Radius Housing Association, might come in very useful just now.

My own hope is that -- at the very least -- Radius Housing will not make any application to "enforce the judgement": until I personally have direct access to professional legal advice and representation of the kind which recognises and supports human rights law and constitutional law in meaningful and practical ways.

Many thanks to all of you for all your efforts to date relating to my looming eviction threat.

Best wishes to you all.

William.
